SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier

Product name: Lift Fluid AS 32

1.2 Relevant identified uses of the substance or mixture and uses advised against

Identified uses:
Uses advised against: No usage which is apart from.

1.3 Details of the supplier of the safety data sheet

Manufacturer / Supplier: KHS GmbH Juchostr. 20
44143 Dortmund
www.khs.com
Germany

Telephone: +49 (0)231 / 569-10000
Fax: +49 (0)231 / 569-410300

Contact Person: Service Products
E-Mail: service.products@khs.com

1.4 Emergency telephone number

+49 (0)6131 / 19240 (24h-emergency call)

SECTION 2: Hazards identification

2.1 Classification of the substance or mixture

The product has not been classified as hazardous and does not need to be labelled according to regulation (EU) no 1272/2008 (CLP).

2.2 Label elements

not applicable

Hazard statements: none
Precautionary statements:

Supplemental label elements: none

2.3 Other hazards
SECTION 3: Composition/information on ingredients

3.1 Chemical characterization
General information: Synthesis oil preparation with additives. The ingredients are not hazardous and below the consideration limits.

3.2 Hazardous components

<table>
<thead>
<tr>
<th>Chemical definition</th>
<th>Identifier</th>
<th>Concentration *</th>
<th>Classification CLP</th>
</tr>
</thead>
<tbody>
<tr>
<td>Decen, homopolymer, hydrogenated</td>
<td>REACH: 500-183-1</td>
<td>≥ 10 - &lt; 50 %</td>
<td>H304 - May be fatal if swallowed and enters airways.</td>
</tr>
<tr>
<td></td>
<td>01-211948542-34</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

All concentrations are percent by weight unless ingredient is a gas. Gas concentrations are in percent by volume.

PBT: persistent, bioaccumulative and toxic substance.
PvB: very persistent and very bioaccumulative substance.

SECTION 4: First aid measures

General: In case of symptoms consulting medical advice.

4.1 Description of first aid measures

Inhalation: Supply fresh air; consult doctor in case of symptoms.
### Eye contact:
Promptly wash eyes with plenty of water while lifting the eye lids.

### Skin Contact:
Wash with soap and water. Im allgemeinen ist das Produkt nicht hautreizend.

### Ingestion:
Rinse mouth thoroughly.

#### 4.2 Most important symptoms and effects, both acute and delayed
no data available.

#### 4.3 Indication of any immediate medical attention and special treatment needed
Get medical attention if symptoms occur.

---

**SECTION 5: Firefighting measures**

**5.1 Extinguishing media**

- **Suitable extinguishing media:** CO2, fire extinguishing powder or fog like water spraying. Extinguish larger fires with alcohol resistant foam or spray water with suitable surfactant added

- **Unsuitable extinguishing media:** water in full jet.

**Special hazards arising from the substance or mixture**

**Advice for firefighters**
Move container from fire area if it can be done without risk. Dispose of fire debris and contaminated fire fighting water in accordance with official regulations. Collect contaminated fire fighting water separately. It must not enter drains.

**Special fire fighting procedures:**
Self-contained breathing apparatus and full protective clothing must be worn in case of fire.
## SECTION 6: Accidental release measure

### 6.1 Personal precautions, protective equipment and emergency procedures

In case of spills, beware of slippery floors and surfaces.

### 6.2 Environmental precautions

Prevent from spreading (e.g. by binding or oil barriers). Avoid release to the environment. Environmental manager must be informed of all major spillages. Prevent further leakage or spillage if safe to do so. Do not allow to enter drainage system, surface or ground water.

### 6.3 Methods and material for containment and cleaning up

Absorb with liquid-binding material (sand, diatomite, acidbinders, universal binders, sawdust). Dispose of the material collected according to regulations. Stop the flow of material, if this is without risk.

### 6.4 Reference to other sections

- Section 01 Contact information in case of an emergency
- Section 07 Handling and storage
- Section 08 appropriate personal protective equipment
- Section 13 Disposal considerations

## SECTION 7: Handling and storage

### 7.1 Precautions for safe handling

Prevent formation of aerosols. Do not eat, drink or smoke when working with the product. Take usual precautions when handling mineral oil products or chemical products. Observe good industrial hygiene practices. Provide adequate ventilation.

### 7.2 Conditions for safe storage, including any incompatibilities

Local regulations concerning handling and storage of waterpolluting products have to be followed.

### 7.3 Specific end use(s)

- no data available.

### Storage Class:

- 10, combustible liquids
SECTION 8: Exposure controls/personal protection

8.1 Control parameters
Occupational Exposure Limits

8.2 Exposure controls
None of the components have assigned exposure limits.

8.2.1 Appropriate engineering controls:
Provide adequate ventilation. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level.

8.2.2 Individual protection measures, such as personal protective equipment

General information: Wash hands before breaks and after work. Use personal protective equipment as required. Personal protection equipment should be chosen according to the CEN standards and in discussion with the supplier of the personal protective equipment. The usual precautionary measures should be adhered to in handling the chemicals or the mineral oil products.

Eye/face protection: safety glasses (EN 166) recommended during refilling.

Hand Protection: Avoid long-term and repeated skin contact. Protective gloves, where permitted in acc. to safety directions.

Other: Do not carry cleaning cloths impregnated with the product in trouser pockets. Wear suitable protective clothing.

Respiratory Protection: Seek advice from local supervisor. Ensure good ventilation/exhaustion at the workplace. Avoid breathing vapour/aerosol.

Thermal hazards: no data available.
Hygiene measures: Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing to remove contaminants. Discard contaminated footwear that cannot be cleaned.

Environmental Controls: no data available.

### SECTION 9: Physical and chemical properties

**Respiratory or Skin Sensitization:**

- No data available.

**Germ Cell Mutagenicity**

- No data available.

**In Vitro**

- Specific substances
  - Decen, homopolymer, hydrogenated
  - No data available.

**In Vivo**

- Specific substances
  - Decen, homopolymer, hydrogenated
  - No data available.

**Carcinogenicity**

- No data available.

**Reproductive Toxicity**

- No data available.

**Specific Target Organ Toxicity - Single Exposure**

- No data available.

**Specific Target Organ Toxicity - Repeated Exposure**

- No data available.

Aspiration hazard product:

- Specific substances: Decen, homopolymer, hydrogenated
  - No data available.

Other adverse effects:

- Specific substances: Decen, homopolymer, hydrogenated
  - No data available.

---

**SECTION 12: Ecological Information**

### 12.1 Toxicity

**Acute toxicity**

- **Fish product:**
  
  Based on available data, the classification criteria are not met.
  
  - Specific substances: Decen, homopolymer, hydrogenated
    
    No data available.

- **Aquatic invertebrates product:**
  
  Based on available data, the classification criteria are not met.
  
  - Specific substances: Decen, homopolymer, hydrogenated
    
    No data available.

**Chronic toxicity product:**

- **Fish product:**
  
  Based on available data, the classification criteria are not met.
  
  - Specific substances: Decen, homopolymer, hydrogenated
    
    No data available.

- **Aquatic invertebrates product:**
  
  Not readily biodegradable (according to OECD criteria).
  
  - Specific substances: Decen, homopolymer, hydrogenated
    
    No data available.
**SAFETY DATA SHEET**

Lift Fluid AS 32

**SECTION 13: disposal considerations**

**13.1 waste treatment methods**

**general information:** Dispose in accordance with all applicable regulations.

<table>
<thead>
<tr>
<th>Specific Substances</th>

### SECTION 15: regulatory information

#### 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture:

**EU Regulations**

Regulation (EC) No. 2037/2000 on substances that deplete the ozone layer: none

**national regulations**

**water hazard class (WGK):** WGK 1: slightly water-endangering.

**15.2 chemical safety assessment:** No Chemical Safety Assessment has been carried out.
SECTION 16: other information

revision Information: Vertical lines in the margin indicate an amendment.

wording of the H-statements in section 2 and 3

H304 - May be fatal if swallowed and enters airways.

other information: The classification is in line with current EC lists. It is expanded, however, by information from technical literature and by information furnished by supplier companies. The classification results from the Conventional Method mentioned in regulation EU 1272/2008 (CLP).

revision date: 26.02.2018

disclaimer: The data contained in this safety data sheet are based on our current knowledge and experience and are given to the best of our knowledge and belief. It characterizes the product only with regard to safety requirements for handling, transport and disposal. The data do not describe the product’s properties (tech. product specification). Neither should any agreed property nor the suitability of the product for any specific technical application be deduced from the data contained in this safety data sheet. Modifications on this document are not allowed. The data are not transferable to other products. In the case of mixing the product with other products or in the case of processing, the data in this safety data sheet are not necessarily valid for the new-made material. It is the responsibility of the recipient of the product to observe federal, state and local law. Please contact us to obtain up-to-date safety data sheets.
